

## LOOKING TO MAKE A TAX DEDUCTIBLE GIFT?

We are always seeking new partners to provide our students with the latest in technology and up to date curriculum. As a vocational education partner, we have an obligation to work closely with our training partners in the pursuit of providing quality educational opportunities for our students, and we believe that in doing so we will add value to students and potential employers. We also believe in building lasting relationships with local school districts and higher education facilities, State workforce development, technology organizations, and Alaska Native organizations to advance employment possibilities that our students can pursue in line with our mission.

If a business owes the State of Alaska a tax liability and it makes a contribution to SAVEC, it may be eligible for a credit against its state taxes. The credit is a partnership that provides mutual benefit for industry, SAVEC, and the State of Alaska.

This publication does not, and is not intended to, provide legal, tax or accounting advice, and readers should consult their tax advisors concerning the application of tax laws to their particular situations.

## GET IN TOUCH

## ABOUT US

Southwest Alaska Vocational & Education Center's mission is "To promote, coordinate and provide high quality training and education to residents of Southwest Alaska."

The SAVEC vision is "committed to building a healthy, educated and employed local regional workforce."

We aim to prepare students for their quest to be workforce-ready with the essential skills needed for success.

## WHY DONATE

The Alaska Education Tax Credit enables companies to reduce certain taxes through donating to education. If a business owes eligible state taxes, it can claim a credit for investment in the Southwest Alaska Vocational & Education Center (SAVEC), a regional training center and non-profit 501(c)3 organization dedicated to help ensure a quality education our students. Donations are tax deductible under IRS Code 170.

As a non-profit vocational and education center, SAVEC seeks out opportunities to augment, supplement and complement our training programs through the attraction of private resources for the exclusive benefit of our students. Donations enhance the education of students. We wouldn't be able to do this without the support of our community and those willing to make donations.

Donate today to be among our outstanding partners.

## MORE REASONS TO DONATE

As a State of Alaska designated regional training center, SAVEC is also eligible under the Alaska Tax Credit for certain State of Alaska Tax Credits.

Alaska's Education Tax Credit program was first established in 1987 by the Legislature to encourage private businesses to make charitable contributions to support schools in Alaska. Due to the adoption of House Bill 278, the list of those eligible to receive cash donations from private business has been expanded. There are now many more opportunities for private business to give cash donations to fund educational facilities and programs for Alaska's next generation. In return, the businesses receive credits to offset taxes due for the Alaska Net Income Tax (Corporate), Mining License Tax, Fisheries Business Tax, Fishery Resource Landing Tax, Oil and Gas Production Tax, Oil and Gas Property Tax and Insurance Tax. The Education Tax Credit program is a win-win for the children and businesses in Alaska.
